RBI Holds Repo Rate at 5.25 pc

RBI policy stability boosts real estate sentiment

Echoing similar sentiments, Prashant Sharma, President, NAREDCO Maharashtra, said, "The RBI's decision to maintain the repo rate at 5.25% provides much-needed stability to the real estate sector at a time when growth expectations have strengthened following the Union Budget's thrust on higher government spending and improving external trade prospects after recent trade agreements." He added that policy continuity would help sustain housing demand and enable developers to plan investments with greater confidence.
